Healthcare - Project Manager – Princeton (NJ)

Founded in 1993, ALCIMED is an Innovation and New Business consulting firm, specializing in innovative sectors: life sciences (healthcare, biotech, food), energy, aeronautics, chemicals, cosmetics, materials, space and defence.

Our goal is to serve our clients, from the private and public sectors, to explore and develop their uncharted territories including New Technologies, Market Innovation, High growth geographies and Strategic Foresight.

We have seven offices in Europe, one in the United States and one in Asia.

## **Job description:**

Our established and growing Healthcare Consulting practice in Princeton, NJ is searching for a highly motivated Project Manager to join our team. Our preferred candidate will be leading client engagements, directly managing staff, and helping grow the practice overall.

Your role consists in:

- Managing a team of 2 to 5 consultants dedicated to the healthcare market; this includes, recruitments, projects supervision and trainings;
- Elaborating along with our Business Development Managers our commercial proposals, defining the most appropriate methodology and budget to answer to various client's needs in the healthcare sector;
- Advising our clients, key decision-makers mostly working for Innovation, R&D or Marketing activities of major groups in Healthcare based in the USA (Pharmaceutical Companies, Medtech and Biotech);
- Managing the Quality of the projects that you or your team performs.

You report directly to the Princeton Office Head.
